

To Whom It May Concern:

I am writing this letter in support of the nomination of Julie Whitehead for the Impact Award.

Julie is well-deserving of the Impact Award and is a champion of educational technology which she gently promotes on a daily basis to faculty members. Julie is a long time member of the FOL Administrator group which has representatives from across the College. At our monthly meetings, Julie shares her ideas and best practices openly with team members and several of Julie's suggestions for improvement have been implemented across the College. Julie is active in promoting new products across the College and she is currently part of the ePortfolio pilot group, which is piloting the ePortfolio product along with developing best practices and guidelines. Julie is also part of the pilot group for the FOL-Datatel grade transfer which is developing a new automated grade transfer process. Julie's love for technology does not stop when she leaves work, she recently completed her Masters in Educational Technology from the University of Calgary and for fun Julie will create 'databases' for a variety of amateur sports organizations that she is involved with (which is her other love). Julie also maintains an active Twitter account called edutechfan, where she provides timely updates on the latest in technology.

Sincerely,

Linda J. Young
